RE: FOIL request #10278; your OpenRecords #: 2019-846-00352

Dear Mr. Detrick:

This letter is to update you on your Freedom of Information Law (“FOIL”) request #10278 submitted to the New York City Department of Parks & Recreation (“Parks”). Please be advised that Parks will be unable to respond within the timeframe previously stated. Parks needs more time to search and review records potentially responsive to your request due the volume of our workload and the records that may be responsive are potentially voluminous and might require a lengthy review process to determine whether any of them, or portions of any of them are disclosable pursuant to the provisions of FOIL. Parks anticipates that it will require approximately three (3) months from the date of this letter to respond to your request.

If you have any further questions, please call (212) 360-8141, or email FOIL@parks.nyc.gov.

Sincerely,

Jennifer Rowley
Records Access Officer
